

FlowHandle::FlowHandle

```
graph LR; A[FlowHandle::FlowHandle] --> B[Flow::getSource]; A --> C[Flow::getTarget];
```

The diagram illustrates a relationship between a class and its methods. On the left, a gray rectangular box contains the text 'FlowHandle::FlowHandle'. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing 'Flow::getSource'. The bottom arrow points to another white rectangular box containing 'Flow::getTarget'. All boxes have a thin black border.

Flow::getSource

Flow::getTarget
